

The conference will take place Iasi, the city of culture and education

#### About Iasi

Iasi (also historically referred to as Jassy or lassy) is one of the largest cities and a municipality in Romania. Located in the Moldavia region, Iasi has traditionally been one of the leading centres of Romanian social, cultural, academic and artistic life.

Known as The Cultural Capital of Romania, Iasi is a symbol in Romanian history. The historian Nicolae Iorga said "There should be no Romanian who does not know of it".

With historical monuments, 500-year-old churches and monasteries, contemporary architecture, many of them listed on the National Register of Historical Monuments, Iasi is an outstanding educational center. As an important academic center, it has 5 public universities, hosting over 60.000 students.

When in Iasi, one should take time to walk through the city center, with all its monuments, to enter at least one of its churches, to go and see the flowers in the Botanical Garden and then taste the excellent Moldavian wines.
